Section 3.

Some people like to try new things in their life and take risks. Also there are a lot of people who disagree with this opinion. They prefer to do only what they already do well.

I think that risks can be as bad as good. There are points for ~~this~~ and there are points against. Taking risks in life give people extreme feelings, they can learn something new and avoid boredom. But also risks can hurt body and soul. People can have problems because of taking risks. For example, they can break a leg or hand when they do extreme sports. Life without risks are more safer.

I came to the conclusion that
